

# 0700 MARINO CHAIR

The Marino chair created in solid ash, references the qualities and features of ercol design classics. The smooth elegant and flowing lines are created through traditional craft, including steam bending solid timber and modern furniture making skill and techniques. The feature turned spindles, and deep cushioning combine to create a striking and contemporary chair. The Marino collection is finished in your choice of wood finishes that protects the timber whilst enabling you to choose the look to match your style and decor.
