3850 WINDSOR SMALL DISPLAY TOP FOR 3815H & 3816H

This classic Windsor display top, with its attractive glass shelves and internal lights, offers the perfect display space for your glassware and crockery. The glass doors which front this display cabinet have ground glass shadows that reflect the oval shape of the handle recess in the wooden Windsor cabinets. Two adjustable glass shelves provide plenty of space and enable the lights to illuminate throughout the cabinet. This display cabinet is designed to be placed on top of one of the wooden cabinets within the Windsor range, such as the Windsor cabinet with drawers (3816) or the Windsor two door cabinet (3815). This Windsor display top will be finished in your choice from a selection of lacquer colours that both protects the timber, whilst enabling you to choose the look to match your style and décor. Appropriate fixtures and fittings are provided in order to secure this display top to the wall for stability.
