

07002G MARINO MEDIUM SOFA

ercol Furniture is proud to partner with Grown in Britain (GiB) and is now making these Marino pieces in British-Certified ash timber for sale in retailers across the UK. The Marino collection is inspired by the ercol design classics, its smooth flowing elegant lines are created by steam bending the solid ash arms, using traditional craftsmanship and modern furniture making techniques, to create a striking contemporary and comfortable range. The Marino sofa created in solid ash, references the qualities and features of ercol design classics. The smooth elegant and flowing lines are created through traditional craft, including steam bending solid timber and modern furniture making skill and techniques. The feature turned spindles, and deep cushions give a firm and controlled support and all combine to create a striking and contemporary sofa that seats two with ease. The Marino chair is now available with Quallofil® Blue cushion interiors, a new polyester fibre for sustainable sofa cushions. It is finished in a selection of ercol wood finishes and cushions made in the ercol Collection of fabrics.
