3591 SHALSTONE EXTENDING DINING TABLE

The Shalstone collection is from original 1950's designs found in ercol's archives which has been reinterpreted by constructing the range in contemporary pale oak. This exquisite and practical extending dining table is made from solid oak and oak veneers. It has tapered legs and a curved aesthetic for a subtle, decorative look, while the 45cm butterfly leaf, which stores neatly inside the table, provides space for extra guests at dinner, which can seat 6 to 8 when extended. Pair this table with the Shalstone chairs or bench to give your home a unique and contemporary feel. Available online and instore exclusively at John Lewis.
