0700G MARINO CHAIR

ercol Furniture is proud to partner with Grown in Britain (GiB) and is now making these Marino pieces in British-Certified ash timber for sale in retailers across the UK. The Marino chair references the qualities and features of ercol design classics. The smooth elegant and flowing lines are created through traditional craft, including steam bending solid timber and modern furniture making skill and techniques. The feature turned spindles, and deep cushions give a firm and controlled support which combined create a striking and contemporary chair. The Marino is now available with Quallofil® Blue cushion interiors, a new polyester fibre for sustainable sofa cushions.
