

4261 VERSO HIGH SIDEBOARD

The high Verso sideboard offers ample storage, in fact the same amount of as the large sideboard but in a compact footprint due to its height. The asymmetric mirrored layout of doors and drawers creates a cascading graphic pattern of handle cut-outs, which are picked out in black steel or brushed brass. Crafted to precision from solid ash the verso high sideboard has two capacious cupboards with adjustable shelves and two deep drawers which offer plenty of storage. This high sideboard is available in 7 finishes including our new NM lightened and DA darkened finish which highlight the beauty of the ash.
