0601 REPRISE CHAIR WITH BACK CUSHION

The Reprise Upholstered Chair features Lucian Ercolani's traditional woodturning and steam-bending techniques. With roots dating back to 1944, the chair's seamless silhouette is achieved by steam-bending a single piece of timber to create a flowing, uninterpreted line that stretches all the way around the backrest. Featuring a removable back cushion for added comfort. This chair is available in all our ash finishes, the upholstered seat and back cushion is offered in a selection of fabrics from the ercol and Universal collections.
