

5063 TENON LARGE EXTENDING DINING TABLE

The Tenon large extending dining table features outturned legs showcasing the tenon joint used throughout the collection. With the oak table being a matched set, the grain runs from end to end when extended. This extending dining table comfortably sits six when closed and 8 when extended, neatly fitting three chairs down each side. With a reciprocating butterfly mechanism, making it easy to extend – pull on one side to extend and the other side opens at the same time.
