# INTRODUCTION

Lucian R Ercolani, my grandfather, founded his furniture making company in 1920 in High Wycombe. He had a vision to create beautiful, unadorned, elegant furniture made with quality and value. With design and integrity he turned that vision into reality. A reality that is furniture made the way furniture should be made. Today we continue his ideals and make furniture that has that same quality, value and fitness for purpose.

ercol reCover is a service designed to bring new life to some pieces of ercol furniture.

Using our archives of original design drawings and fabric patterns, ercol's skilled crafts people can tailor new cushions from the highest quality materials to bring your furniture back to life. So whether it's a fresh new look you are after; or just a return to the wonderfully comfortable sit of an ercol chair; this brochure will guide you step by step through the ercol reCover ordering process.

Henry Tadros, Chairman of Ercol

## STEPS TO FOLLOW:

1. Identify model number *(These are the only models that we supply recover for)* p. 13 - 14
2. Select required fabric from the **ercol collection** of fabrics  
  
There are three different fabric price grades in the **ercol collection** fabrics listed in this brochure, C, E and G. Please call our helpline on 01844 271800 if you would like to be sent a fabric sample or require further assistance.
3. Select where appropriate the type of interior and style of seam finish you require. p. 4 - 12
4. Confirm the price of your choice of complete cushion set. p. 4 - 12
5. Complete the order form for ease of reference p. 15

## USING THIS BROCHURE

Ercol show wood furniture is made with long-lasting high-quality wood frames to give many years of pleasure, because we know that our customers like to update the look of their furniture and extend its life, we offer on some of our ranges a reCover service, enabling you to buy genuine replacement ercol cushions for your furniture. This guide will show you which models we can reupholster with new cushions; it will help you identify the exact model you have and the options available. Unfortunately, due to the vast number of designs made in the past we are unable to make new covers for all ercol ranges.

### NEW COVERS AND INTERIORS

By replacing your covers you will completely refresh both your furniture and your room. To get the very best results ercol will supply new interiors with all cover orders and will not supply covers on their own.

Seat interiors on all upholstery models are supplied as standard with high quality foam interiors engineered to give the maximum level of comfort and support. A choice of cushion finish, piped, plain seamed, or top stitched, are available on some ranges; please see details on the relevant pages. Prices include scatter cushions as indicated in the model pictures; additional scatter cushions can be purchased, see below for details.

Please take care and follow the detailed descriptions by each item to ensure that you order the correct parts – several options may exist for a chair depending on when it was manufactured.

All of our fabrics are sourced from high quality fabric mills who are designing and making fabrics to meet the highest test standards for furniture fabrics. Our fabrics are tested and meet industry standards required for General Domestic furniture and meet Furniture and Furnishing (fire) (safety) Regulations Act 1988. Our **ercol collection** of fabrics are on display in your local ercol stockist and at our showroom and factory in Princes Risborough, you can also view our fabric range on our website **ercol.com**. *Please note ReCover is only available in the ercol collection of fabrics and not the dining collection fabrics or leathers.* Fabric samples can be ordered on our website **ercol.com**.

ercol stockists can show you the full range of ercol Collection of fabrics, details of your nearest retailer can be found on **ercol.com**. You can also visit the ercol showroom where we have a selection of the current ranges and fabrics, we will be happy to help you with your selection. If you would like to see a specific piece of furniture, please phone us before visiting to check it is on display.

# ERCOL FABRIC - PRICE GUIDE FOR CUT LENGTHS

If you require extra fabric for home furnishings, cut lengths of our **ercol collection** of fabrics can be supplied, see the table below. As it is not always possible to obtain an exact colour match between dye batches, please ask for a stock cutting if an exact shade is required. All fabrics are subject to availability.

We certify that all fabrics used by ercol have been tested by the supplier and comply with the requirement of the Furniture & Furnishings (Fire) (Safety) Regulations 1988. To BS 5852 Part 1 Source 0 & 1.

For further information contact our ReCover helpline on 01844 271800 or your local stockist.
